### TIE-BREAKER RULES SUMMARY (See pages 2-2 through 2-4 for complete rules):

1. If two teams are tied with the best won-lost record, the winner of the pool game between the two tied teams will be the tie-breaker and that team will advance to the next segment. If the teams did not play each other, see rule 2 below.
2. If two teams are tied with the best won-lost record, and they did not play each other, then the "Runs-Allowed Ratio" will be computed to break the tie. The team with the lowest "Runs-Allowed Ratio" per half-inning of defense played will advance.
3. If three teams or more are tied with the same won-lost record, and one team has defeated the other tied teams, then that team will advance to the next segment. If one of the remaining tied teams is to advance, use Rule 1 above.
4. If three or more teams are tied with the same won-lost record, and one team has not defeated the other tied teams, then the "Runs-Allowed Ratio" will be computed to break the tie. The team with the lowest "Runs-Allowed Ratio" per half-inning of defense played will advance. If one of the remaining tied teams is to advance, use Rule 1 above.
